Notes for next year:

- Important to do a tech runthrough in the week leading up to the event to ensure that the hardware and software combination is compatible with the lecture theatre system.
- Worth bringing in savory chips for the concession stand as most students were buying chips from the nearby vending machines.
- Bring a dust-buster along for cleanup after the event.
- A short instructional video of the event setup has been uploaded to google drive and can be viewed [here](#).

- Potential sausage sizzle or pizza sales before the movie begins, as the timing meant it was during dinner. Additional opportunity for fundraising and socialising.
