We discussed that the funds would be used to embody the language in a broader context by offering a broader context through diverse cultural activities such as performances, workshops, native speakers, exposure to cultural mannerisms and social structures. It would support the student with access to literature. Questions that were raised was who would agree where to spend the money on and our thoughts were that this should be the language committee.</p>	<p>Niall: To discuss the possibility of a wine fundraiser with the P&C</p> <p>Niall: To discuss with P&C and find out what requirements we need to meet before we can put a voluntary contribution to the booklist</p>

<p>New Business</p>	<p>Grace Costa reported that having to open the school for the meeting is a strain on resources. We discussed that next year we could change the meeting schedule to coincide with the music support group so only one discipline has to be there to open up.</p> <p>Languages Expo: We discussed that our contribution for the languages expo was not for food, but should be used for cultural activities such as the sumo wrestlers, performances. They are not to be used for the funding of the general activities such as cooking or school performances, but for cultural expansion.</p> <p>We were talking about getting more people involved and Grace suggested that all new parents would be provided with a written invitation to attend the languages group. She further reported that she had a list of emails of parents who were interested in the languages group, however the languages committee doesn't have a copy of these.</p>	<p>As discussed in minutes arising: The committee to be earlier involved in the planning of the languages week.</p> <p>Jocelyn to draft an invitations for new parents to join the language committee group.</p>
<p>Treasurer Report</p>	<p>We raised \$129.50 with the cake stall which brings our balance to \$2965. The languages program still has to be reimbursed the \$300 per language group.</p>
